WORK EXPERIENCE

Canadian Imperial Bank of Commerce (CIBC)

January 2026 – August 2026

Business Systems Analyst Co-op, Controls Governance

Toronto, ON

- Managed Operational Support Information (OSI) governance for 850+ applications, coordinating stakeholder reviews, compliance tracking, follow-ups, and escalations.
- Built and maintained an Excel tracker with formula-driven overdue alerts, improving visibility into outstanding items and supporting timely escalation of non-compliant OSIs.
- Prepared and presented monthly governance updates on OSI status, escalation rates, compliance gaps, and trends to support stakeholder prioritization and decision-making.
- Analyzed ServiceNow data on end-of-life servers, patch compliance, and Server Hardening Requirements using Excel and PivotTables for audit reporting; provided process guidance through the shared governance mailbox.

Canadian Imperial Bank of Commerce (CIBC)

May 2025 – August 2025

Business Effectiveness Analyst Co-op

Toronto, ON

- Automated month-end headcount reporting using Excel and Power Query, reducing processing time by more than 80% and streamlining recurring operations.
- Integrated HR and procurement data into a consolidated headcount database, improving reporting and data accessibility across more than eight departments.
- Supported the Eclipse migration through data validation, gap analysis, and cross-functional onboarding, helping ensure accurate records and adoption of the new reporting platform.
- Analyzed employee data and prepared operational reports to support workforce planning and data-driven business decisions.

ADKnown

May 2024 – December 2024

Data Engineer Intern

Guelph, ON

- Monitored internal data systems containing 100,000+ records using Python, SQL, and AWS-based tools, maintaining 98% data integrity.
- Created and optimized 10+ Apache Airflow workflows, reducing manual processing time by 50% and improving data ingestion accuracy and timeliness.
- Enhanced Grafana dashboards with eight+ filters and reports, improving real-time visibility into key metrics for three business units.

LEADERSHIP EXPERIENCE

University of Guelph

August 2023 – Present

Academic Cluster Leader / Residence Assistant

Guelph, ON

- Provide academic and personal support within a residence community of 500+ students, building supportive relationships and promoting an inclusive environment.
- Design computer science learning programs and collaborate with university departments to connect students with academic, personal, and residential resources.
- Conduct residence rounds, identify safety concerns, and respond to incidents in accordance with residence procedures.
